Enterprise Content Division
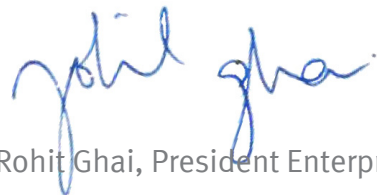

EMC CERTIFIED SOLUTION

The Business Solution

NOVO Mobile

by **Inovoo**

Has Met and Demonstrated All the Requirements of an EMC Certified Solution

This solution received an in-depth design review by an EMC Certified specialist, focused on Functional Completeness, Performance and Scalability, Security, Deployability, Supportability, and Interoperability. This accreditation signifies that the business solution complies with rigorous open design standards ensuring lower TCO, superior architecture, and optimized performance and scalability.
